This is a draft copy to collect feedback.

What is Title I?

St. Marys Elementary is identified as a Title I school as part of the Every Student Succeeds Act (ESSA). Title I is designed to support State and local school reform efforts tied to the challenging State academic standards to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support family engagement. All Title I schools must jointly develop with parents and family members a written parent and family engagement policy.

School Plan for Shared Student Achievement

What is it? This is a plan that describes how St. Marys Elementary will provide opportunities to improve parent engagement to support student learning. St. Marys Elementary values the contributions and involvement of parents in order to establish an equal partnership for the common goal of improving student achievement. This plan describes the different ways that St. Marys Elementary will support parent engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

How is it developed? St. Marys Elementary School welcomes parent input and comments at any time regarding the plan. All parent feedback will be used to revise the plan for next year. The plan is posted on our school website for parents to view and provide feedback throughout the year. We also distribute an annual survey online and by student to ask parents for their suggestions on the plan and the use of funds for parent involvement.

What feedback indicated? The yearly survey showed that parents wanted more information about their child is learning and the instructional program. We will provide information and/or workshops on improving state standards, student reading skills, improving student math skills, and test information. Workshops/meetings will be held at flexible times.

Who is it for? All students and their families are encouraged and invited to fully participate in the opportunities described in this plan. St. Marys Elementary School will provide full opportunity for the participation of parents and family members with limited English, parents with disabilities and parents of students with disabilities, parents of migratory children, as well as guardians of children served through the Methodist Children's Home. St. Marys Elementary School will offer childcare and transportation to the extent practicable upon request.

Where is it available? Once adopted, the plan is posted on-line on the school website, in the parent resource center, and in the front office.
